## POACHING

White and black Rhinos are almost extinct and could be within 10 years. The Australian Rhinos project plans to bring 80 rhinos to Australia to help with their survival. When this poaching problem settles in South Africa the rhinos will be taken back and released in their homeland.

I am helping raise money to bring the rhinos to Australia so they no longer are in danger of becoming extinct. Any spare change you may have can be dropped in to the tin at the office to help the rhinos.

Thank-you by Jacob Sell.

## CAKE, COOKIE & LEMONADE STALL

All money raised goes to help clean up the Great Pacific Garbage Patch and stop illegal poaching.
